## New Settings in TrustPay Internet Banking

Our new „*Settings*“ section enables you to set up several features for the Instant Bank Transfer services and manage your Notification Settings.

You can find the new settings under *Account Settings – Settings*. You can find more information about each feature under the „?“ mark.

In case some of these features and settings have been set for you in the past, they will be visible for you in this page.

### Instant bank transfers settings:

- Enable multicurrency transactions ?
- Decline payments with different received amount than instructed amount ?
- Transaction validity period ?
- Disable repeated payments with the same Reference ?
- Disable payments through "Other bank" button ?
- Disable country selection ?

### Notification settings:

Success return URL: ?

Cancel return URL: ?

Error return URL: ?

Enable URL notifications ?

Enable email notifications ?

**Save**
